[https://www.facebook.com/  
SurreyRockhoundClub/](https://www.facebook.com/SurreyRockhoundClub/)

To become a member,  
we welcome you to attend a General Meeting  
and sign up there.

**Achievements**

Surrey Club members designed and made a Chain of Office for the Surrey Mayor, a silver chain inset with cabochons from a variety of precious BC gemstones.

The Surrey Rockhound Club also offers field trips and info sessions to schools in support of geology curriculum.

We invite you to join us in a great family hobby.

Learn about Rocks & Gems  
Fun for the whole family

We welcome your questions and invite you to attend our next meeting as a guest and see how interesting and varied our hobby can be.

**Guests are Welcome**

---

**CLUB WORKSHOP**

**SULLIVAN HALL  
(Lower Level)**

**6306 152 Street, Surrey, BC**

*Membership required to attend  
workshops*

## Who We Are

The Surrey Rockhound Club was founded in 1964. The purpose of our club is to learn and enjoy all aspects of rocks, minerals and crystals as well as to develop skills in lapidary, silversmithing, carving and faceting.

Our club meetings are held in the lower level of Sullivan Hall. Our permanent workshop is also located there. We have saws, grinders, polishers and other tools for the use of our members (shop fees apply).

## Membership

Single Membership: \$25.00 per year

Family Membership: \$35.00 per year

(family with one or two adults, including children under 18 years of age)

The membership is due in September of each year.

## Workshop

**Paid annual membership provides you with supervised access to our workshop as outlined below:**

We offer Monday night classes for beginner lapidary members at \$35.00. This is a prerequisite for further use of the workshop on supervised open nights.

Other classes and workshops are scheduled as demand requires and can include wirewrapping, wire trees, silversmithing, and faceting and carving. Times and dates are available during club general meetings.

The usual fee for the workshop is \$3.00 per session for the regular open workshop night.

Course Fees may apply for the special courses.

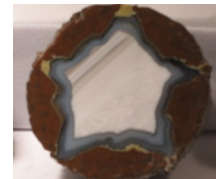

## Field Trips

Field trips are organized by the Wagon Master of various clubs to numerous collection areas. These are fun trips and there have been many exciting finds.

## Program

Programs held during General meetings are often fun and informative on many different aspects of rocks and minerals. A great way to learn something new.

## Library

Our library covers the art of lapidary, rock and gem collecting, wire wrapping, carving, silversmithing, and other aspects of the hobby.

## Gem & Mineral Show

Our Gem & Mineral Show is usually held in October at Sullivan Hall and showcases the talents of our members in lapidary, jewelry making, silversmithing, and carving, as well as beautiful rock and crystal specimens.

There is also a children's corner, show vendors, and a concession. Fun for the whole family!

## Other Activities

The Surrey Rockhound Club is an avid participant in these BC Lapidary Society activities:

- BC Gem Show— early April (displays & vendors)
- Rendezvous — May long weekend (fun & fieldtrips). Location changes annually.
- Summer Camp —early August. These events are hosted by individual rockhound clubs from various locations around the province.
